### 11800 North and Highland Boulevard Intersection

In order to provide a safer area for school crossings, the City narrowed the road width and added reduced speed signs.

### 4800 West and Alpine Highway Intersection

In order to facilitate better traffic flow, a right turn only lane is planned to be added for those traveling south on 4800 West and turning west onto Alpine Highway. While the plan was to originally begin construction on that right away, due to pricing constraints, the project will now be bid in the winter and construction take place in the spring.

## Highland Historical Society

### Monthly Story—Early Highland LDS Leadership

The organization to the Highland Ward in 1915 was not the beginning of the Church on the Bench. The beginning was in 1892, when on March 13 a Branch of the American Fork Third Ward was organized and functioned for about fourteen years. Here are vignettes of the four men who led the Branch during that time. With the building of the school in 1888, there was finally a place for the people of Highland to meet together for socials and Church. Story continued at <http://bit.ly/HC-historical>.

**Museum Certification** The Highland Historical Society Museum was recently certified by the Utah Division of Arts and Museums as a Certified Utah Museum. Appearances to visit the museum can be made by calling Charlie Greenland at 801-913-5200.
