7. MAYOR/COUNCIL AND STAFF DISCUSSION AND COMMUNICATION ITEMS

a. Length of Council Meetings

Mayor Mann suggested that council meetings should end by 10:00 or 10:30 pm. He suggested that meetings were not very productive after that time. He felt that they often spend too much time holding public hearings. He reminded the Council that Public Hearings were a time to receive public input not hold conversations. He recommended that they place a time limit on public hearings. City Administrator Nathan Crane suggested that they provide adequate time for Legislative items. Council Members were in favor of both of their recommendations.

b. Funding Increase

Assistant City Administrator Erin Wells provided a brief update regarding the results of the Open House survey for a property tax increase. 75% of the responders said yes to a property tax increase while only 17% said no. Council Members asked that staff provide an option for a fee increase in future communications and public meetings.

Council Member Kurt Ostler gave an update regarding obtaining a separate zip code for Highland residents. He explained that it was unlikely Highland would ever have their own zip code due to the requirements of the United States Postal Service.

Council Member Scott L. Smith asked that City Council provide their direction regarding the neutering and release of feral cats versus the euthanasia of feral cats. He asked for their comments or concerns so he could report back to the North Utah Animal Shelter Board.
