Highland City

Mayor's Message - Kurt Ostler**Will Highland City Get Its Own ZIP Code?**

Back in May of 2019, Mayor Mann and I met with the Salt Lake Manager of Marketing to discuss Highland City obtaining its own ZIP code. Following that meeting, the City formally submitted a letter to the United States Postal Service (USPS) requesting that Highland be considered for its own unique ZIP code. For many years, we've shared the 84003 ZIP code with American Fork. Later that year, USPS responded, stating that the projected growth in our community at that time did not warrant creating a separate ZIP code.

Over the past several years, Highland City has continued to monitor other cities' success in obtaining their own ZIP codes, one being Vineyard, Utah, which is actually smaller than Highland. After visiting with Vineyard's mayor and learning about their process, it became clear that we would need to work through our federal delegation to pursue our own zip code.

After multiple conversations with U.S. Representative Mike Kennedy and staff from U.S. Senator John Curtis's office, Highland City has decided to move forward once again with our request for its own ZIP code. A key component of this effort has been Council Member Scott Smith's long-standing relationship with Representative Kennedy, as they were partners in the same medical practice.

On October 21st, 2025, the Mayor, City Council, and City Administrator submitted a formal letter to the Committee on Oversight and Government Reform requesting that Highland be granted its own unique ZIP code, with support from both Mike Kennedy and John Curtis.

In that letter, we highlighted several key concerns:

- **Sales tax misallocation:** A recent economic study estimates that Highland loses approximately \$4.9 million annually in sales tax revenue due to incorrect ZIP code assignment.
- **Mail delivery issues:** Residents frequently experience misdirected mail and confusion over correct addresses.
- **Insurance rate discrepancies:** ZIP code overlap can impact property insurance classifications.
- **Online address errors:** Many websites miscategorized Highland addresses as belonging to American Fork.

We're hopeful that these strong points, along with support from our federal representatives, will help make the case for a distinct ZIP code that truly represents Highland City. Until then, we'll keep our fingers crossed.

Snowplowing

Street plowing priority is based on the road classification and usage. Those streets identified as arterial or collector roads and those deemed to be in the minimum network needed to provide basic transportation for public safety such as near schools or steep grades, will receive priority. These streets will be plowed 24 hours per day, 7 days a week when weather conditions warrant.

When storm conditions have moderated, lower priority roads and roads interior to subdivisions, including cul-de-sacs will be plowed. It may take anywhere from 3 to 5 days after the storm before crews clear all of these areas.

Street parking is prohibited from December 1st to March 31st between the hours of 12:00 a.m. and 8:00 a.m. and any time snow is present to allow access to the plows for snow removal. The Police Department may issue parking citations or even have vehicles towed that are parked on the street during or shortly after a snowstorm.

Welcome to the Library

Hello, Highland! As your new Library Director, I am excited to share our vision with you and personally welcome you to the library.

Please allow me to introduce myself. I'm a Utah native, born in Provo and raised in Orem. I enjoy reading, running, watching Netflix, eating chocolate cake, and I love libraries. My

library career spans over 18 years, covering public, academic, school, and state libraries. Most recently, I spent 3.5 years at the State of Utah's State Library Division, providing administrative guidance and mentorship to library directors across the state. In my broad range of experience, I've devoted myself to serving Utah communities, and I am thrilled to bring that dedication to Highland.

Highland's library is a remarkable place. We may be physically small for a library, but we are mighty in vision. That vision includes expanding our services dramatically beyond our popular weekly story times. I invite you to visit us and participate in new programs, including:

- Tween Club and Teen Advisory Board
- The Highland Social Hub (daytime activities and programs for older adults)
- Book clubs, author panels, and more

Highland City Library is here for every community member. Whether you want to attend a program, find a quiet study room, or just use Libby, we are here for you. Stop by and say hello!
