

For the past year, City Council has taken a focused look at road maintenance and funding. A study was conducted, a maintenance and reconstruction plan formed, and multiple public meetings held regarding this topic. As a result, on May 16, City Council voted to create a Transportation Utility Fund. This fund would be dedicated for the operation, improvement, maintenance, and rehabilitation of roads and funded through an \$18.50 per month Transportation Fee on each utility account. That fee was scheduled to begin on July 1, 2017.

On Monday, May 22, a group of citizens filed a petition for referendum which places the Transportation Utility Fund and Fee on hold, and allows the citizen group to collect signatures to place the item on the ballot. The petitioners need to collect at least 1,210 valid signatures by Friday, July 7. If the signature count is met, this item will go on the November ballot.

The City will work to keep residents up-to-date as this process continues. More information about the Transportation Utility Fund can be found on our website at <http://bit.ly/HC-roads>. If you have any additional questions, please reach out to City staff or the Mayor & Council.
